EL. CAMINO REAL

4-Pos Heavy Truck

Optional Rolling Jacks

Combine one of our popular rolling bridge jacks with your lift for added versatility. Ideal for brake and wheel service. Available in 9,000, 12,000, 15,000, 18,000 and 25,000 lb. lifting capacities. Telescoping wheel assemblies accommodate different ramp width settings. Comes complete with standard and high-lift adapters.

Optional Runway Extensions

These sturdy-built runway extensions can be ordered with your lift or added later. These runway extensions add 30" of added capacity and can be installed at the front, rear or both sides of the lift.

Optional DP-30 Rolling Oil Drain

Optional Air/Electric Work Station

Features

- 18,000 - 27,000 lbs. (8165 -12,247 kg.) lifting capacities.
- Runways include rail kit for optional accessories.
- Hydraulic system incorporates a regulated pressure relief system to prevent overload.
- Heavy-duty chain lifting system.
- Rugged, self-lubricating chain bearings.
- Runways adjust for different tread widths.
- Single hydraulic cylinder mounted overhead.
- Fully enclosed lifting chains, safety locks, and bearings.
- Pneumatic push-button safety release.
- Safety locks enclosed in columns minimize pinch points.
- Runways feature non-skid surface.
- Features 1-3/8" chain bearing axles.
- Multi-position safety locks in each column.
- Power unit can be located at the front or rear of the lift.
- Extensions are available to increase ramp length an additional 30" or 60".
